SPACE AND FLEXIBILITY FOR YOUR HOME

Introducing the AGILA Sliding Door

Creating contemporary living spaces 03

The perfect solution for modern day living

Bringing the outside, inside 05

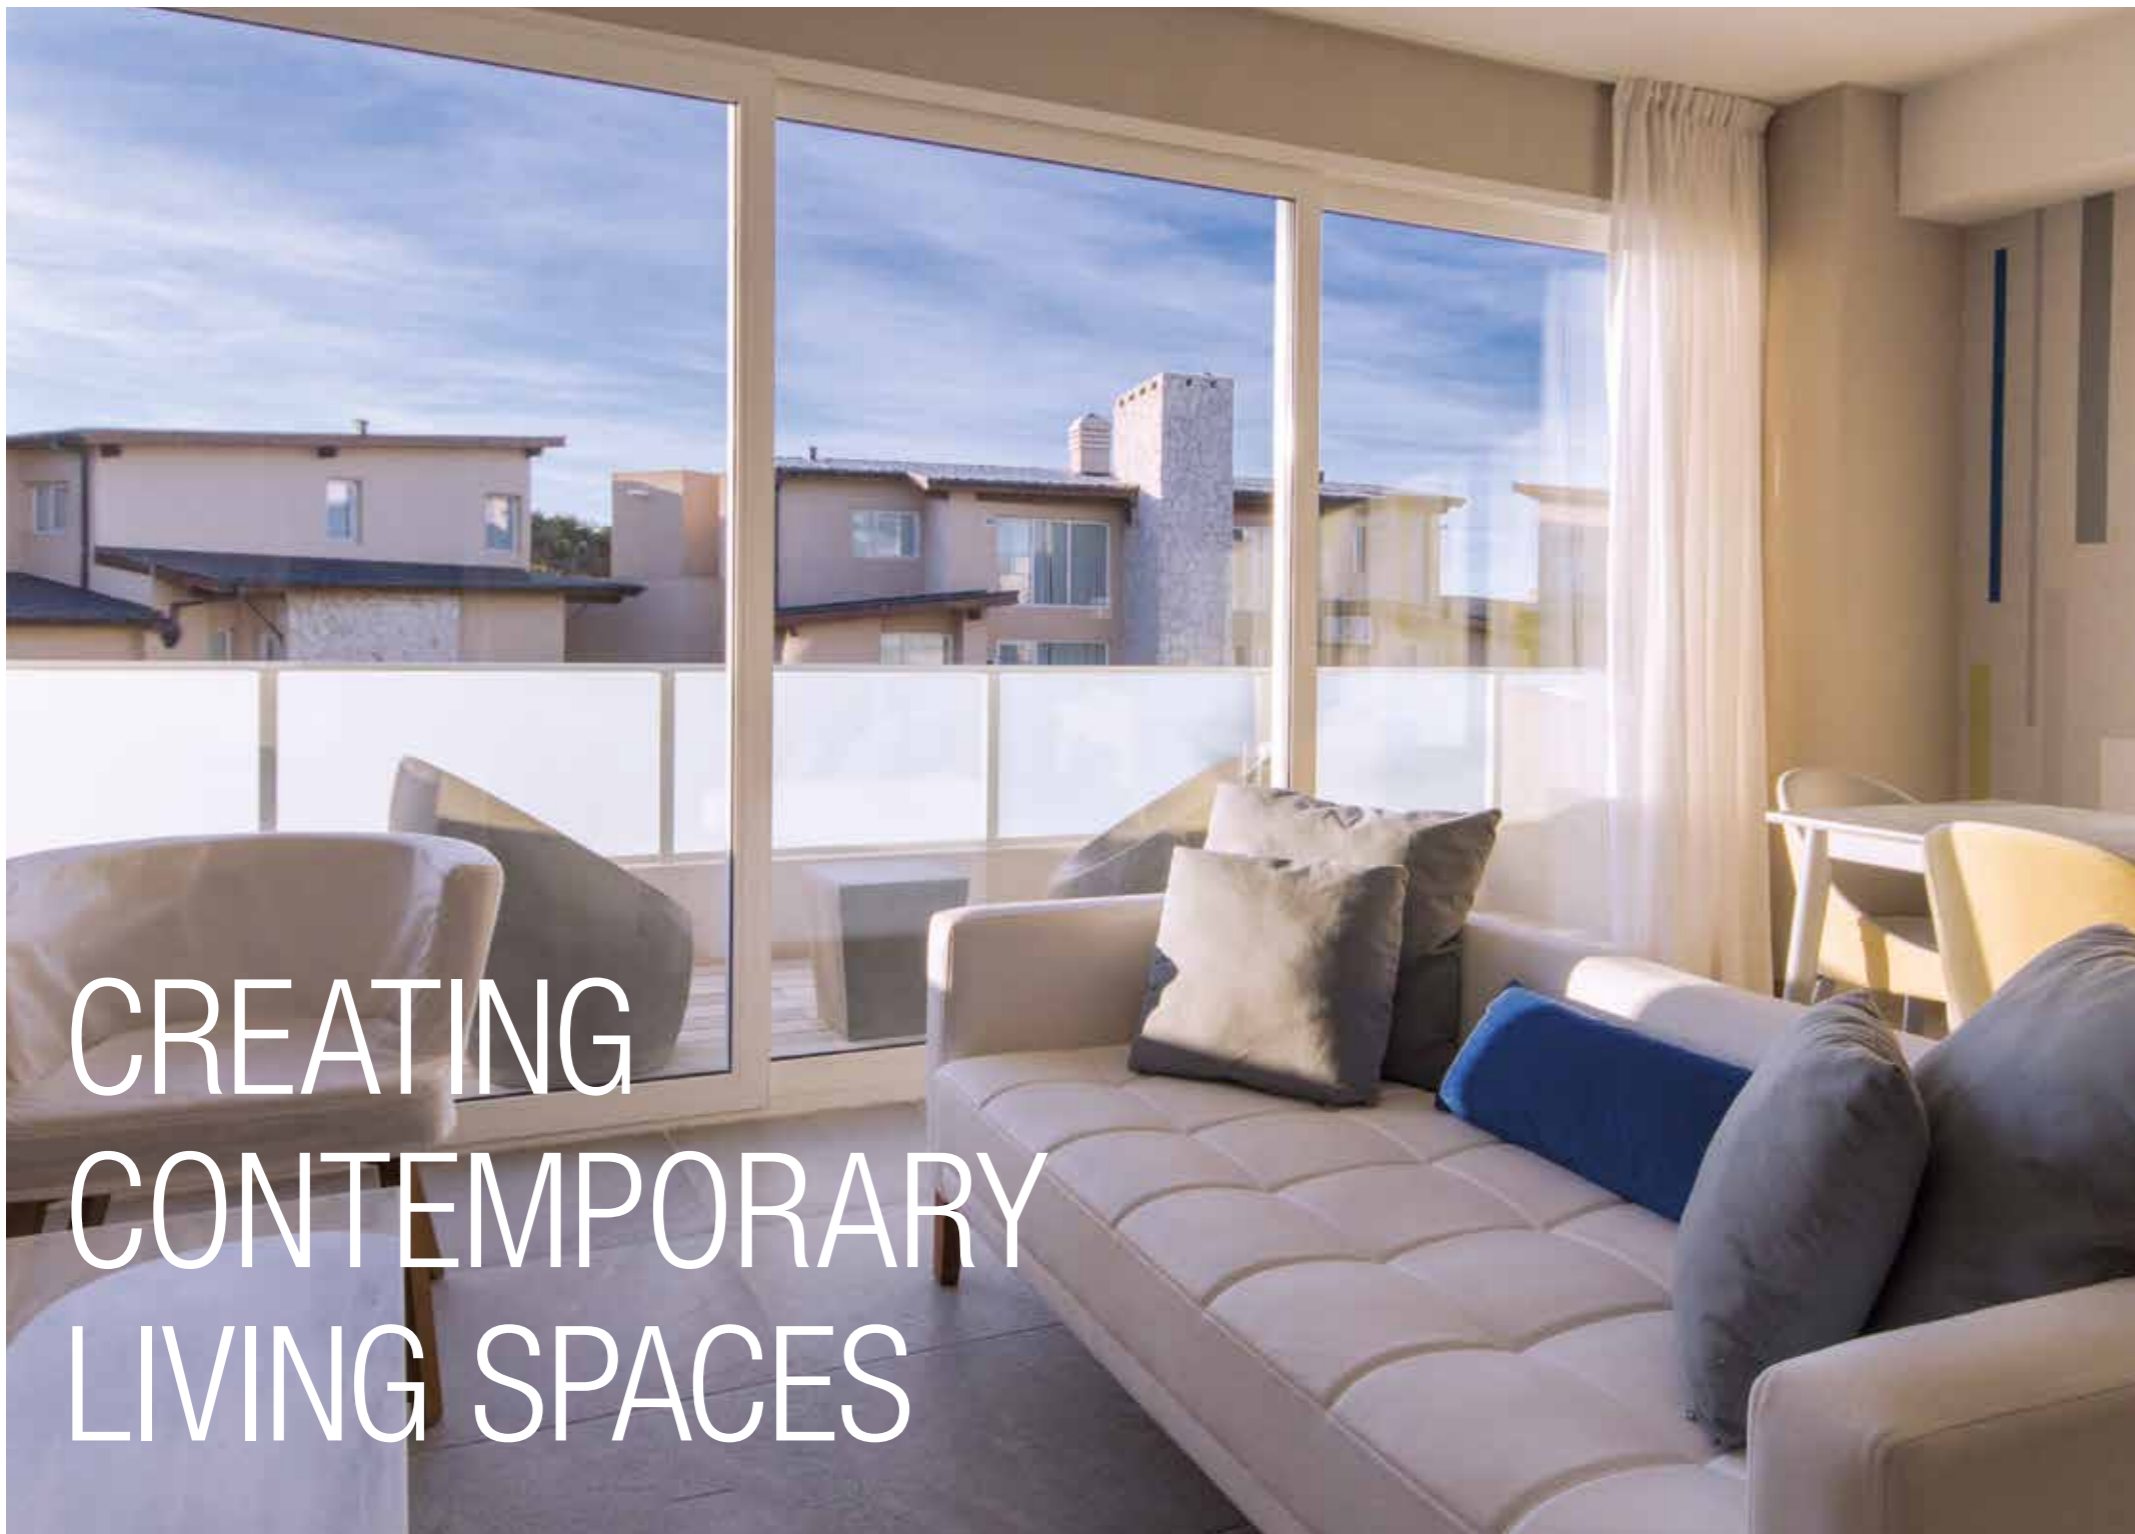

Opens up your home

Peace of mind and comfort 07

Secure and easy to use

Select a finish to suit your home 09

Outstanding versatility, elegance and style

CREATING CONTEMPORARY LIVING SPACES

The REHAU AGILA Sliding Door has been expertly engineered to offer a broad range of features and benefits guaranteed to complement today's contemporary, open-plan living spaces. The increased door sizes and slim sightlines allow more light than ever to flood into your home making our new sliding door the perfect alternative to a multi-fold door.

A large choice of panel configurations from 2 sashes up to 6, with the triple track creating a 'cinematic' door with large opening sizes and minimum profile for an ultimate visual experience.

The 3 star sold secure diamond approved security locking mechanisms as standard means there really is no better choice of door. All combined with the low maintenance benefits offered with all PVCu door systems. REHAU AGILA really is the perfect choice.

- ✔ Slim sightlines
- ✔ High security
- ✔ Contemporary square edged aesthetics
- ✔ Maximum light and view with doors up to 5m wide available with 3 large glazed panels
- ✔ Flood your living space with light as there are less vertical breaks in your visual area

- ✔ DER Rating 'A' - excellent Energy efficiency
- ✔ Low maintenance
- ✔ Cost effective alternative to a multi-fold door

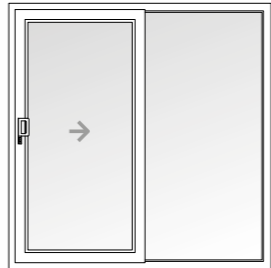

BRINGING THE OUTSIDE, INSIDE

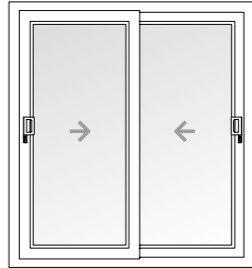

The in-line opening action of the new REHAU AGILA Sliding Door allows you to arrange your room without having to worry about leaving space for the doors to open. The triple track design enables you to maximise the opening out onto your garden or patio. Equally, they could be used as easy access out into an existing conservatory. Whatever the requirement, the unique design offers maximum flexibility for your needs. With PVCu Sliding Doors providing energy efficiency, noise reduction and low maintenance, it is the perfect choice for any application.

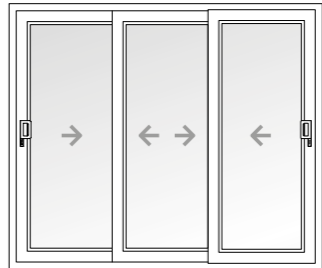

The flexibility of the dual and triple track system allows for a large number of sliding door combinations. Choose from either 2, 3, 4 or 6 pane options opening from either left, right or even from the centre for complete flexibility.

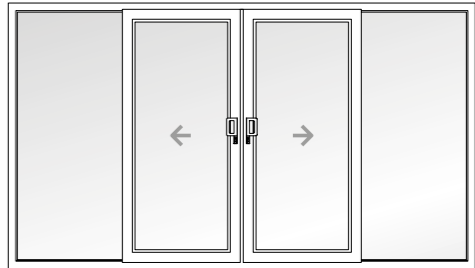

Single moving pane

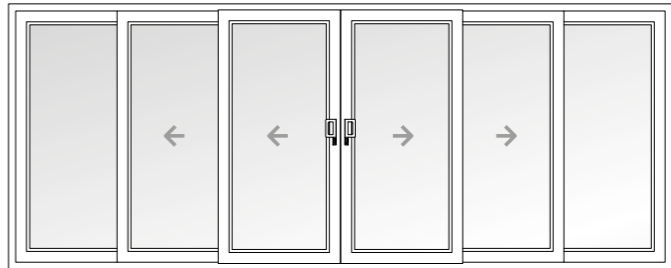

Two moving panes

Three moving panes

Two moving panes opening from the centre

Four moving panes opening from the centre

PEACE OF MIND AND COMFORT

The REHAU AGILA Sliding Door has been designed to meet all current Building Regulations and has been tested to the highest weather and performance standards. Combined with the option of triple glazing your new sliding doors will keep you warm and safe from whatever the weather throws at them.

Helps you save money on your energy bill by reducing heat loss from your property.

The standard locking option is the 3 star sold secure diamond approved lock cylinder technology with an 'anti snap' feature that offers the ultimate protection from drilling and attempted picking.

The brand new 'D' handle is both elegant and easy to operate with a re-designed lever.

- 1 12 point locking mechanism for enhanced security available to achieve PAS24 and Secured by Design accreditation
- 2 Standard 6 point locking mechanism
- 3 Easy to operate longer lever D handle
- 4 3 star sold secure diamond approved lock cylinder as standard
- 5 Reinforced 'anti snap' cylinder with hardened high security pins for ultimate anti pick and drill resistance.

The enhanced security hardware option available on our new sliding door comes with the reassurance of a lifetime guarantee. This offers a variety of benefits and the confidence that your home is protected from forced entry.

- ✓ A free call out service is available 24/7, 365 days a year to protect your home in case of forced entry
- ✓ Up to £1000 towards your insurance policy excess
- ✓ Free replacement door provided
- ✓ £5000 compensation if you suffer a break-in due to the failure of the hardware

All you need to do to qualify for these benefits is specify the enhanced security option* with your installer and register the installation at www.erahomesecurity.com/totalsecurity Up to date terms and conditions of the guarantee can also be seen on the website.

To ensure total peace of mind choose the Enhanced Security option and request an ERA Total Security Guarantee Welcome Pack from your installer.

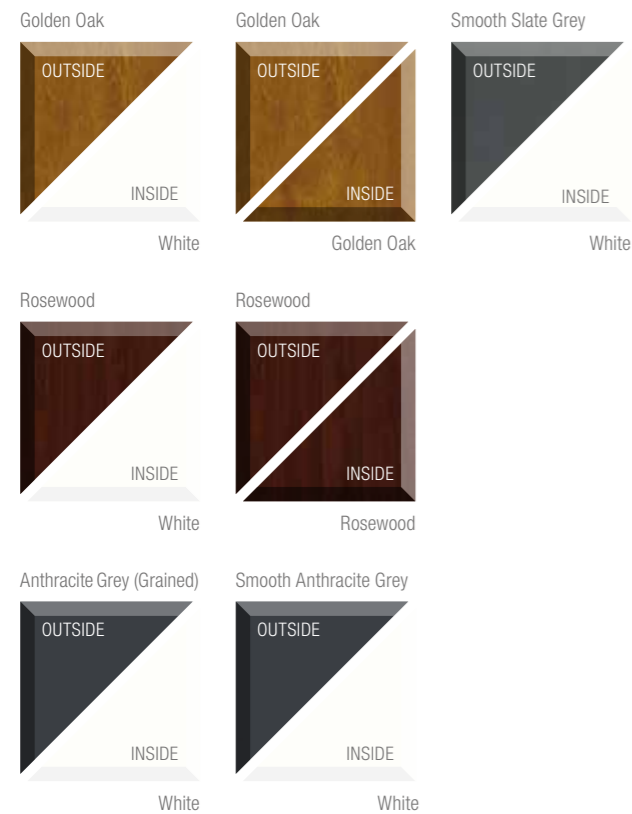

*12 point locking and aluminium face fit interlock.

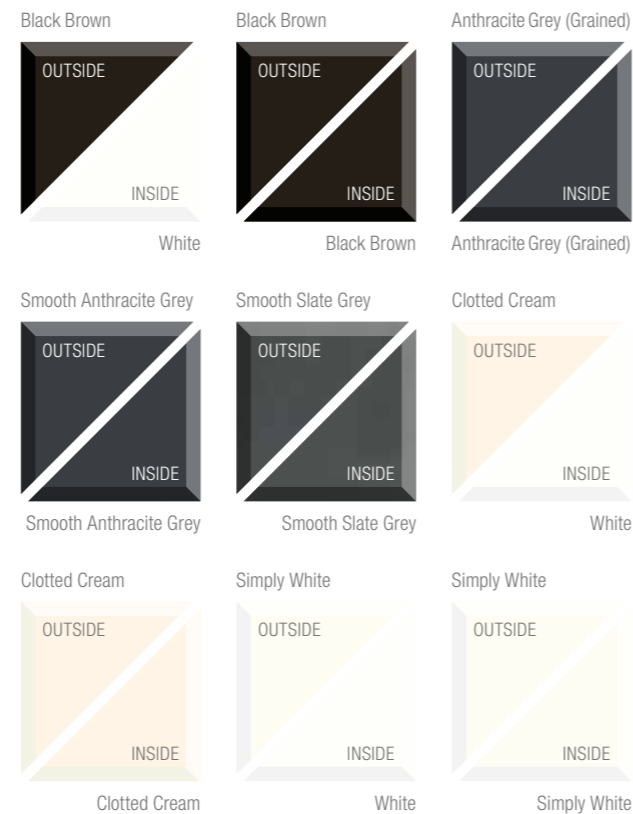

A PERFECT FINISH TO YOUR HOME

Our new sliding door features a large array of colour options as standard, offering you the opportunity to choose a colour scheme to match your home – inside and out. To complement the standard colour range we also have a wide choice of special colours for you to choose from if you want something a little different.

Standard colours

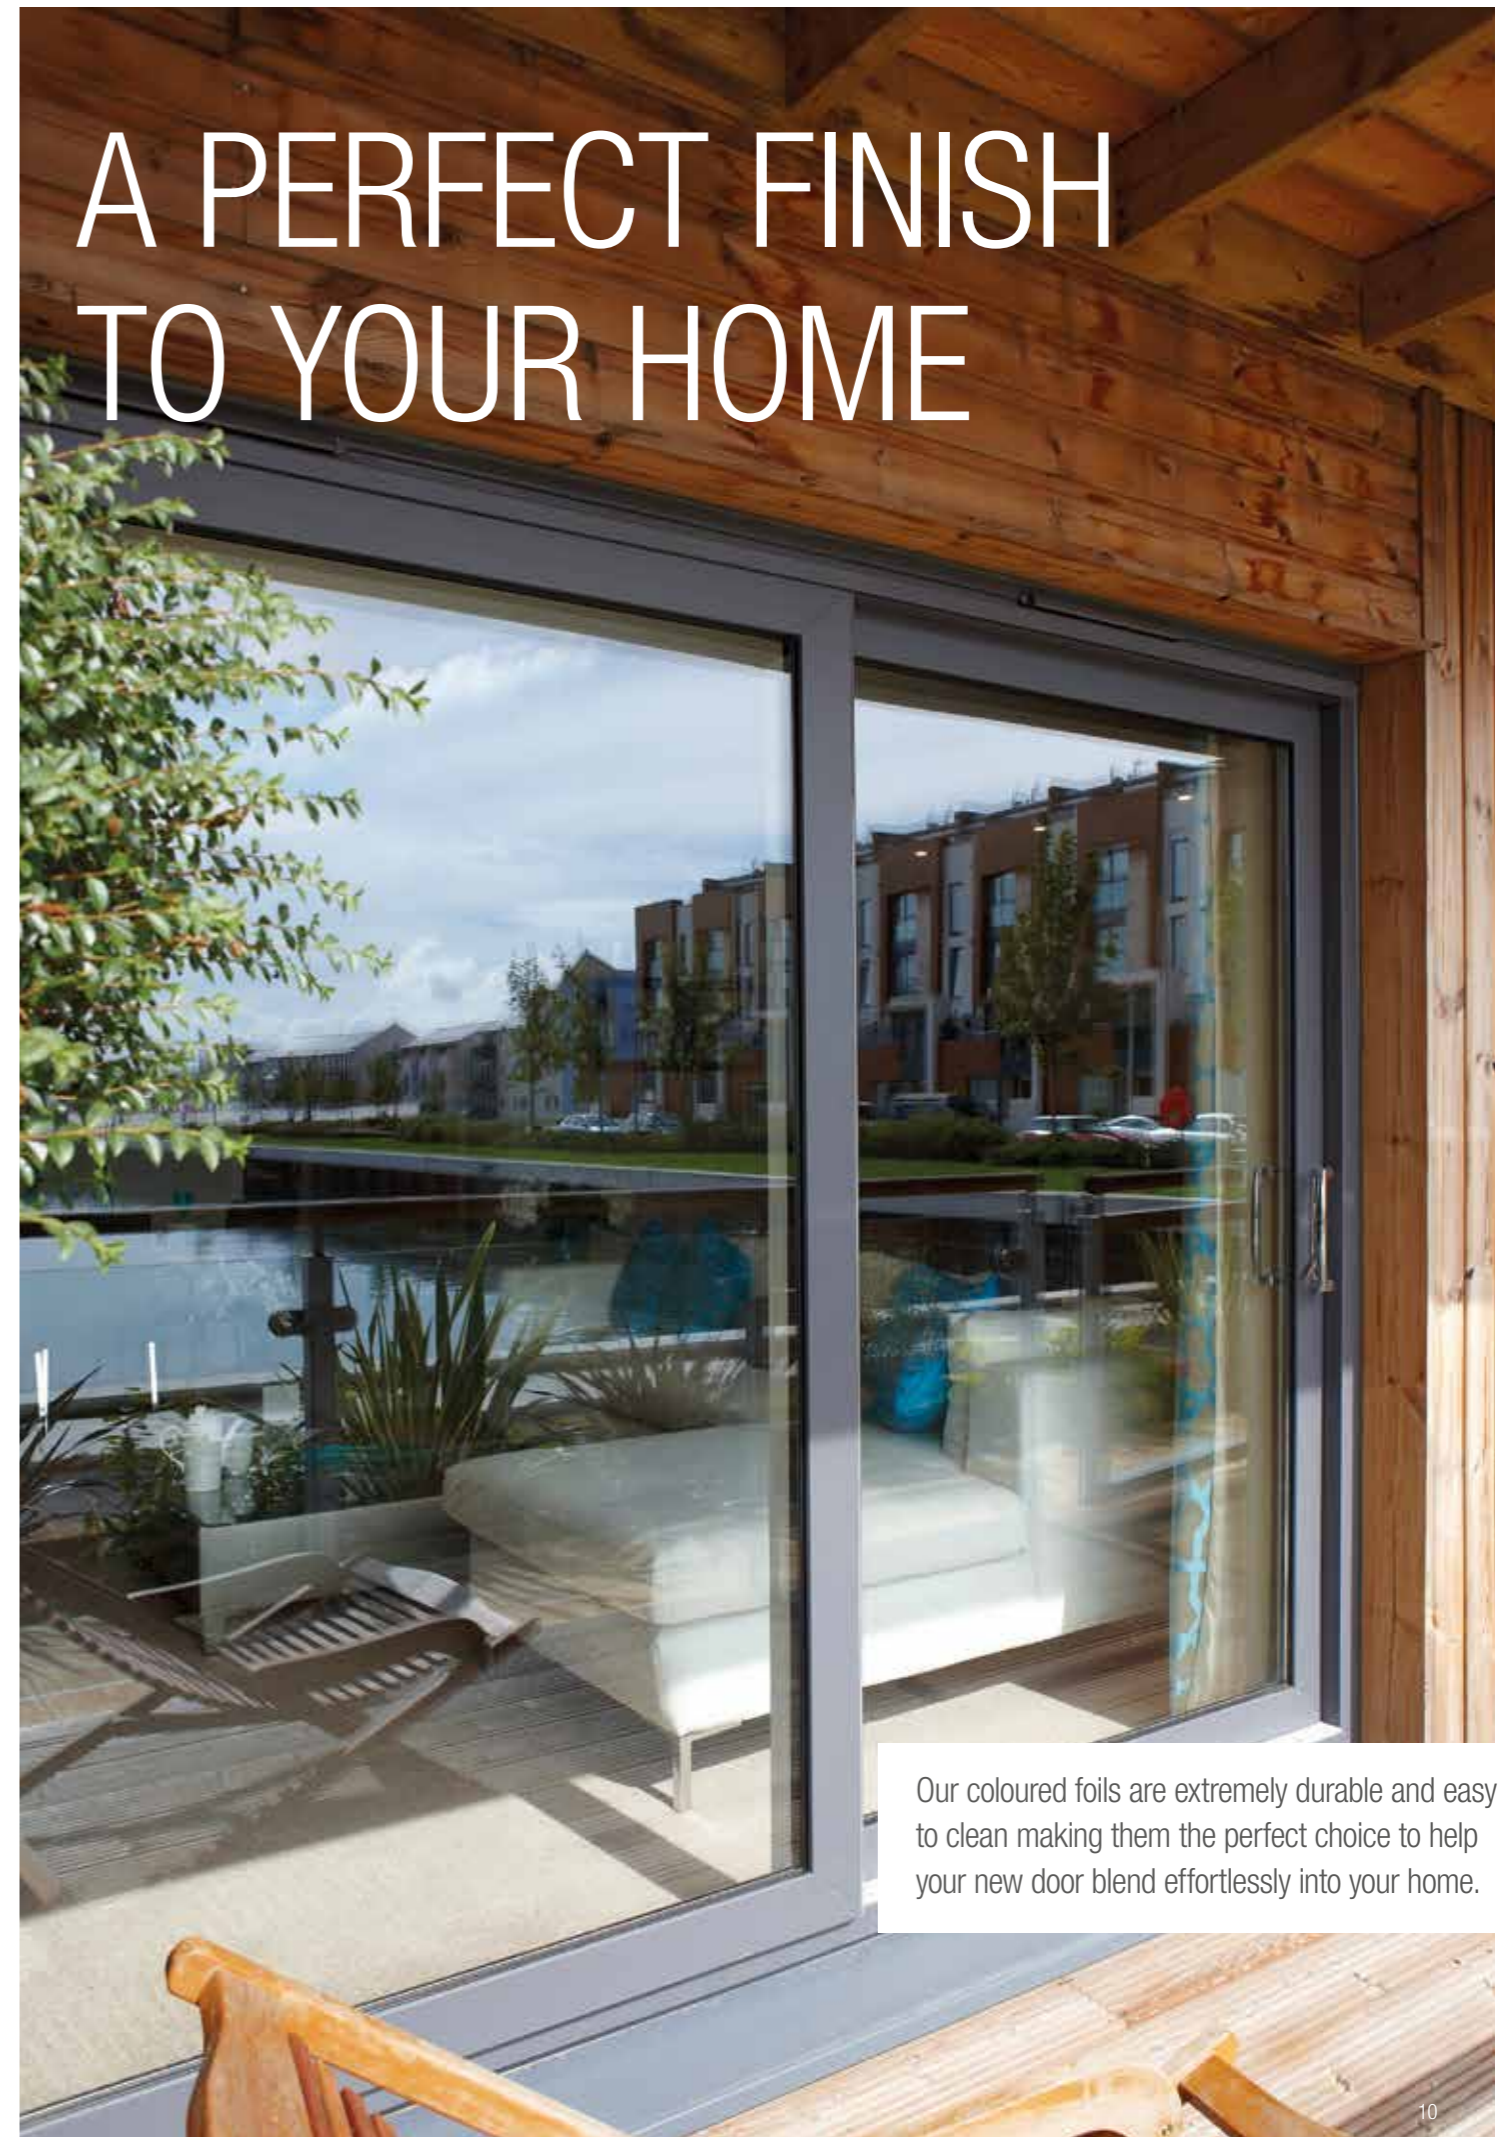

Special colours (Just ask your installer about lead time)

The new 'D' handle on the REHAU AGILA Sliding Door also comes in a choice of colours should you wish to further customise your new door. So, plenty of options to make your purchase unique to your own home.

Please note that, due to limitations, the colours reproduced above may not be an exact representation

Our coloured foils are extremely durable and easy to clean making them the perfect choice to help your new door blend effortlessly into your home.
